1 Introduction

The Sports Society Management System is a software system that helps a university sports society manage its members, sports teams, events, matches, and equipment in an organized way.

The main purpose of this project is to understand the basic working and requirements of a sports society management system.

2 Project Requirements

2.1 Functional Requirements

The system should provide the following functions:

- Member registration and login
- Add, update, and remove sports (Cricket, Football, etc.)
- Team creation and player selection
- Event and tournament scheduling
- Event registration by members
- Match schedule and result recording
- Equipment issue and return record
- Membership fee record
- Attendance of members in practice sessions
- Admin can manage members, events, and equipment

2.2 Non-Functional Requirements

- The system should be easy to use.
- The system should respond quickly.
- Member data should be secure.
- The system should be available whenever needed.
- The system should support multiple users.
- The system should be reliable and maintainable.

3 System Requirements

3.1 Hardware Requirements

- Computer or laptop
- Minimum 4 GB RAM
- Internet connection (for online version)

3.2 Software Requirements

- Operating System: Windows/Linux
- Web Browser: Google Chrome or Microsoft Edge
- Internet connection
- Database Management System

4 Users of the System

The main users of the Sports Society Management System are:

- Members (Students)
- Administrators (Society President / Secretary)
- Coaches

5 Forms

This section shows the main forms used in the Sports Society Management System.

5.1 Member Registration Form

Field	**Input**
Full Name	
Roll Number	
Email Address	
Mobile Number	
Department & Semester	
Preferred Sport	
Password	
Confirm Password	
☐ Register ☐ Cancel	

5.2 Login Form

Field	**Input**
Email / Roll Number	
Password	
☐ Login ☐ Forgot Password	

5.3 Event Registration Form

Field	Input
Member Name	
Roll Number	
Event Name	
Sport	
Team Name	
Participation Type	☐ Player ☐ Captain ☐ Volunteer
☐ Submit ☐ Cancel	

6 Tables

This section presents sample data tables used in the Sports Society Management System.

6.1 Sports Table

Sport ID	Sport Name	Coach	Players	Practice Days
S001	Cricket	Mr. Imran	15	Mon, Wed
S002	Football	Mr. Usman	18	Tue, Thu
S003	Badminton	Ms. Hina	10	Fri
S004	Table Tennis	Mr. Farhan	8	Wed
S005	Volleyball	Mr. Kamran	12	Sat

6.2 Member Table

Member ID	Name	Roll No	Sport	Email
M101	Ali Hassan	1201	Cricket	ali.hassan@gmail.com
M102	Sara Khan	1202	Badminton	sara.khan@gmail.com
M103	Bilal Ahmed	1203	Football	bilal.ahmed@gmail.com
M104	Ayesha Noor	1204	Volleyball	ayesha.noor@gmail.com

6.3 Event Table

Event ID	Event Name	Sport	Date	Status
E001	Inter-Department Cricket Cup	Cricket	15-11-2026	Upcoming
E002	Football League Match	Football	20-10-2026	Ongoing
E003	Badminton Tournament	Badminton	05-10-2026	Completed
E004	Volleyball Friendly Match	Volleyball	25-11-2026	Upcoming

6.4 Equipment Table

Item ID	Item Name	Sport	Total	Available
EQ01	Cricket Bat	Cricket	10	6
EQ02	Football	Football	8	5
EQ03	Badminton Racket	Badminton	12	9
EQ04	Volleyball Net	Volleyball	2	2

7 Conclusion

The Sports Society Management System provides an organized platform for managing members, sports, events, and equipment of a university sports society, making the work of members and administrators simple and reliable through well-structured forms and data tables.
